

CORPORATE SOCIAL RESPONSIBILITY

“Sparsh is our CSR Engine which integrates business and core values with society & environment. At Raychem RPG Ltd we firmly believe that sustainable growth of our company depends on growth of society around us. CSR to our view is not only about helping community, it is about creating opportunities, managing, reducing and avoiding risk, generating improved performance and thereby creating sustainable & profitable organization.”

Mr P Rajagopalan
MD & CEO, Raychem RPG Ltd

At Raychem RPG Ltd., SPARSH (the touch) – Corporate Social Responsibility has been one of the front line concerns. Our Core Values include commitment to social concerns, “To protect the environment and contribute to society around us”.

Social Journey beyond Business

SPARSH is about touching lives and creating positive impact on society

We take pride in communicating CSR initiatives at Raychem RPG under SPARSH creating positive impact on society in its own unique way. The underprivileged in society is our focus to help them become financially independent and self-reliant. We, therefore, keep assessing needs to develop avenues for people to improve their living conditions in the communities we serve.

As responsible corporate citizens, Raychem RPG is fully committed in supporting the community in which it operates, at various levels.

As constructive partners in Society, we have taken concrete action in realizing our social responsibility objectives, thereby building value for our shareholders and customers. In accordance with our core values, through Sparsh, we play an active role in community development, serving rural communities around our manufacturing locations.

SPARSH aims at touching lives of people in areas of:

- Women Empowerment
- Environment and Community Development

Mr P Rajagopalan,
MD & CEO, Raychem RPG Ltd.

Programmes under these areas vary across locations, depending on local context and needs.

Women Empowerment programs

Education

Adopted girls for education

Education has been the primary focus area for the Raychem. Raychem's employees have adopted 32 girl students of Mohan Bhagat School, Vasai for their education purpose. CSR team has made efforts to select girl students from school who are economically backward and whose parents are struggling to make ends meet from daily wages.

Through Sustainable Education, we train women from Tribal Area

Income generation programmes for Adivasi women

Our endeavors include offering Adivasi (underprivileged) women vocational training in Tailoring and Nursing.

Tailoring training for adivasi women

- Providing Nursing education to adivasi girl students in joint venture with Jayprakash Narayan Leprosy Hospital, Vasai.
- Providing facilities and faculty for training adivasi girls in tailoring in joint venture with Jayprakash Narayan Leprosy Hospital, Vasai and Shramik Vidyapeeth, Worli (Registered under Human Resource Development, Delhi)

Community Development Programmes

Conducted workshop for Small-Scale business

- RRL have provided workshop for small-scale business in chalk and candle making, preparing phenyl, making agarbatti (essence sticks) for peripheral community. Over 30 women have participated in this activity. The workshop was carried out in collaboration with Shramik Vidyapeeth, Worli (Registered under Human Resource Development, Delhi)
- Vocational Painting Workshop organized in collaboration with Camlin to equip adivasi women with fabric painting skills.
- Self-Help group of Adivasi women created to help them sell the handmade products by arranging exhibition stalls at various locations in Vasai and Mumbai with support from Raychem RPG.

Environmental Care

Tree Plantation Programme

- 200 Saplings including Rain Tree, Gulmohar, Kadunimb and Bakul were planted by Staff and Operators at Chakan Plant on the Special Occasion of Chakan Day on 12th Aug, 08
- This activity will be incorporated at every location of RRL

Sparsh is committed to support Woman Empowerment, Community Development and Environment Care in the vicinity of their plants and offices across India.
