

CORPORATE SOCIAL RESPONSIBILITY

“We always believed in value addition and our recent venture into social welfare activities is a tribute to this nation towards building a better future. We look forward to continue being there with you always.”

- Mr Lalit Babbar, MD, Rallison Electricals Pvt Ltd

Rallison touching lives, bringing smiles

Rallison's promise to the nation

Rallison Electricals Private Limited, one of the leading wires and cable manufacturers of the country has unfolded new dimensions of progress by providing humanitarian service and encouraging high ethical standards. Its participation in the CSR Programme speaks volumes about the company's commitment and dedication towards the nation.

The journey beyond wires and cables

As a responsible group of corporate citizens, Rallison is much concerned about the society and its development. While manufacturing high-quality wire and cable products to enhance the life quality of mankind, it is also committed to preserving a healthy environment.

Touching hearts, bringing smiles

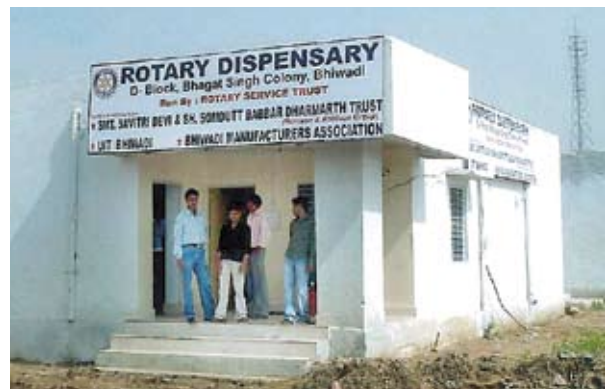

This noble vision made way for the Rotary Dispensary at Bhiwadi run by Rotary Service Trust in association with Smt Savitri Devi and Shri Somdutt Babbar Dharmarth Trust. Rallison under the able guidance of Mr Lalit Babbar not only focuses on developing the right work culture but also touching lives even at the bottom-line. Rallison understands that partnership can help map its CSR activities across the vast geographies of the country. Rotary Dispensary at Bhagat Singh Colony of Bhiwadi is a result of such a noble partnership. Through this dispensary set up in June 2008, the Company has endeavoured to take medical care even beyond those connected with its operations.

The doctors and medical staff along with the dedicated staff of Rallison’s social welfare arms have taken up the tasks of health care awareness including eye care, dental care, general health awareness, Mother and Child survival programmes to the rural community in Bhiwadi. The service is offered to almost hundred individuals of the community every

day, totally free of cost. The dispensary also has an in-house pharmacy store. The dispensary remains open 6 days a week. The dispensary has brought smiles of relief to hundreds of rural populace living in the vicinity. The expert medical practitioners treat the patients with great care and love.

Rotary Dispensary is a reflection of the faith people have in it and also the spirit of benevolence behind it. Similar investment in healthcare is planned shortly in other parts of the country too. Rallison Electricals transcends the conventional barriers of business and send the message, “We Care”.
